MATH MASTERS CLUB
ANNUAL REPORT 2025 – 2026

The Math Masters Club aims to strengthen students' analytical, logical, and problem-solving skills through various academic and competitive activities.

On 09 July 2025, an Introductory Meeting was conducted for final-year UG and PG student representatives, including class representatives and assistant representatives. The meeting focused on introducing the club's objectives and planned activities for the academic year.

From 28 July 2025, study materials on the topics Percentage, Profit and loss, LCM &HCF, Simplification, Average, Problems on Ages, Ratio and Proportion, Time and Work were shared through a WhatsApp group comprising final-year UG and PG students, facilitating continuous learning and academic support.

A total of 8 Test Series were conducted through Google Forms from 13 July 2025, covering eight different topics. These tests helped students assess their understanding and improve their subject knowledge.

From 23 January to 31 January 2026, the club organized a Quiz Marathon, which witnessed active participation from students across various departments. 17 students were selected as winners based on their performance.

On 11 March 2026, an Aptitude Test was conducted with the participation of 35 students from different departments, enhancing their problem-solving abilities and preparing them for competitive examinations.
